HEREFORDS & ANGUS

Spring Frozen Sale

FRIDAY, MARCH 15, 2024

4:00 P.M. M.S.T.

Live online only at LiveAuctions.tv

LiveAuctions.tv

Welcome to the Inaugural Frozen Genetics Sale for Colyer Herefords & Angus. After the C Arlo 2135 ET frozen semen sale in the Spring of 2023 coupled with the huge demand for the limited embryo offering each year in the Fall Female Sale, the Colyer family felt it was time to have a stand-alone frozen sale. What exists in the following pages is one of the more unique offerings that is being offered for just the first time.

Never before has the opportunity existed to tap into potentially the greatest maternal battery anywhere in the Hereford breed. The pages of this catalog are filled with National Champions as well as daughters and granddaughters of them. While the Colyer program has had its successes in the showring, they are rooted selling commercial bulls. Each February they host one of the most successful bull sales in the breed which is built on outstanding phenotype, maternal performance and strong EPD traits.

The females in this offering have gone on to produce high sellers in both the Fall Female & Spring Bull Sales to some of the top programs all over North America. With 90 lots of various embryo matings across two breeds, buyers for the first time can tap into, and raise progeny out of the top herd bulls and donor cows that exist.

The format of this event is a little different. It will be a live auction held exclusively online with LiveAuctions.tv. All bidders will need to get registered online prior to the auction. We will begin promptly at 4:00 pm MT. This sale is scheduled in a fashion to allow for timely transfer for Spring breeding season. All embryos will be stored at Hoffman A.I Breeders and buyers will facilitate shipping via them.

If at any time you have questions about this offering, please feel free to contact myself, Guy or Kyle. We look forward to seeing you online on March 15th!

Kyle Colyer208.250.3924

SALE TERMS & CONDITIONS

GUARANTEE: For all embryo lots consisting of three (3) or four (4) embryos, there is a one (1) pregnancy guarantee. For embryo lots consisting of five (5) or more embryos, there is a two (2) pregnancy guarantee if the embryos are implanted by a certified embryologist.

TERMS: All genetics sell under the standard terms & conditions of the American Hereford Association and American Angus Association, respectively.

SHIPPING: All frozen genetics will ship from Hoffman AI Breeders (435) 753-7883. At the conclusion of the auction, invoices will be sent out. Once the invoice is paid, the embryos will be released. Buyers will then contact Hoffman AI Breeders to arrange shipment. Buyers will be responsible for all shipping costs.

EMBRYO QUANTITIES: For several matings where there are more than five (5) embryos selling, the buyer will have the choice between quantities. If there are six (6) total embryos, buyer can take three (3) or six (6). If there are seven (7) total embryos, buyer can take four (4) or seven (7). If there are eight (8) total embryos, buyer can take four (4) or eight (8).

DONOR POOLS: For Lots 57, 64, 75, 76 and 90, different donors were pooled together. For those embryos, parent verification will be required.

TFR KU ROLL THE DICE 1326 STAR TCF LOCK-N-LOAD 300W ET
 LH LANGFORD LADY 0253 ET
BR BAILEE 1066 ET DM BR SOONER
 BR GABRIELLE 5082

A little bit of an outcross mating on this Bailee daughter, 0226 is one of the newest donors in the Colyer program. She was a top seller at the 2020 Female Sale when a donor interest sold to Potter Herefords. 0226 was then named Grand Champion Horned Female at the 2022 NWSS. Her first progeny hit the ground this past fall and are poised to make a big time impact on this program. Big time growth and power on this female, and these matings to calving ease bulls will yield great results along with style and eye appeal.

C NOTICE ME ET

The first calf by 1311, 4038 is a moderate framed, deep bodied female with a great udder and lots of pigment. Half interest in her sold for \$97,500 to Bowling Herefords in 2017. A mainstay in the Colyer program, she has 68 progeny on record with no signs of slowing down. In 2019, two full brothers out of 4038 sold for \$40,000 each, and her sons are perennially among the top sellers in the Colyer Bull Sale. Likewise, her daughters are some of the most sought after commodities in the Fall Female Sales each and every year. The revenue potential for all these matings is huge.

The 4264 cow has an excellent udder, stout, well-marked, feminine and ideally made. Most recently her son, C CJC 4264 Advance 3125 was the top selling bull in the 2024 Colyer Bull Sale where 3/4 interest sold for \$130,000. Her dam is one of the great Topp Herefords cows, 89T, that sold for \$117,000. 4264 is truly a Herd Bull maker! One of her sons is C Real Deal 0137 ET who commanded \$60,000 for 3/4 interest in 2021. Another son in one of the most popular horned bulls in recent years, C CJC Belle Heir ET. A daughter & full sister to Belle Heir, C CJC Belle Air Lass 8037 ET, brought \$30,000 for a donor interest in 2018. 8037 is the donor dam to C GKB Guardian 1015 ET, the young sire that brought \$325,000 for 1/4 semen interest.

A testament to 4264's maternal ability, Colyer's have a daughter by Belle Air that has been a top donor as well. Top to bottom, 4264 has been a great producer, posting progeny ratios of 2@114 for WW, 17@102 for REA & a whopping 17@125 for IMF.

 MCA LADY LOUANN 027K

1008X was purchased as a heifer calf from Hacklin Hereford Ranch for Piper & Cruz. She turned into an exceptional donor cow! As a first calf heifer, she produced C Eye Candy 2079, the 2013 NWSS Grand Champion Polled Female. She followed Eye Candy with the future donor C Cotton Candy 3003, and in 2014 came C Candy Cane 4030 ET the 2016 NWSS Reserve Grand Champion Polled Female and the FWSS Grand Champion Polled Female. A flush sister to Candy Cane, C Snickers 4030 ET, was also the Grand Champion Horned Female the same year at FWSS! Not to be outdone, a full sister, C Milky Way 6133, has become one of the top donor cows for Colyer. From there the list goes on with numerous daughters making their way to the top sellers list over many years with 108 progeny on record.

A little different package here with two great donors featured. First is the Know How daughter, 0079, out of the highly maternal Upshot dam. She possesses great look & quality to match a great spread to her production numbers and high carcass numbers with an elite \$C of 330. The second donor in the package is another young female sired by Treasure and out of the Colyer 7063 donor. Both of these mated to the Stellar 705J will produce eye appealing & highly maternal progeny, and full brothers to both of these matings were features in this past Spring Bull Sale.

The most recent National Champion being named the Grand Champion Polled bull this January at both the National Western and Fort Worth. He's been one of the most talked about bulls for two years ever since he was the lead off bull in the Colyer 2023 NWSS Champion Pen of Bulls. After that, he was the high selling bull in their 2023 sale for \$165,000 to Hoffman Herefords & Buck Cattle. One week later they held a special auction for semen sales where he more than paid for himself in one night selling over 600 units for a gross of \$270,000. This young sire is exciting on many levels. He has the structure and build to put him in the same conversation as Miles but has the color & pigment along with carcass traits to make him the next level of genetic capability.

Belle Heir is currently in the top 10% of the breed for 13 traits. Rarely does a young herd bull surface that does so many things right for the industry. He has been used successfully on heifers providing calving ease and light birthweights. His calves show explosive growth and have structural integrity and extra pigment. The carcass figures rank him among the breed's elite. He is currently enrolled in the National Reference Sire Program. He is so impressive to look at in the breeding pasture because of his massive build & structural soundness. His first daughters calved in the spring of 2022 and they are very impressive. Owned with Knox Brothers.
