

# COLYER CATTLE ANGUS

The following 87 lots are the Angus bulls and open heifer calves. We are really proud as to how our Angus program has evolved. By using an intensive AI program with some of the top Angus sires we now have Angus genetics with generations of highly proven cattle. We have selected for moderate birthweights, ample growth, optimum maternal and top carcass traits. We are extremely pleased to have many of the leading commercial cattlemen in the Western U.S. now using our Angus bulls. They are developed in large lots with a high roughage ration to insure sound feet and legs.

His first sons were a definite sale attraction in Vermilion's sale last fall. He has done an exceptional job for us and consistently sires extra body length, muscle and performance while maintaining moderate birth weights. Our first set of calves averaged 84# at birth. The bulls are right for the commercial industry and will be a sale highlight. Used AI from the Vermilion Ranch in Billings, MT.

"Bismarck" has achieved widespread popularity for his impressive low birthweight progeny that display exceptional muscle structure and phenotype. He combines all elements of excellent EPD's, performance, strong cow family and near perfect phenotype. First calf crop averaged 74# with a WWR of 103. Used AI and owned by Schaff Angus, Adris Angus and Genex.

One of the popular young sires in the Angus breed today with a pedigree loaded with high accuracy performance cattle. He is a rare genetic package with balanced EPD's and as much thickness, muscle and performance as you can find. His first calf crop averaged 79 pounds at birth. Used AI and owned by Rafter U Ranch, Boyd Beef Cattle, Adris Angus, Schaff Angus Valley, Prairie View Farms, & Genex.

He was the top selling bull in the 2008 TC Ranch sale. He is a true standout with base width, fullness of body, balance and structural soundness. He is a multi-trait leader with low birth weights, excellent early growth and carcass merit. His first calf crop averaged 77 pounds. His curve bending numbers puts him among the breeds top young sires. Used AI and owned by Mohnen Angus, Lindskov-Thiel Ranch, TC Ranch and Genex.
